## **A Note from the Director:**

*This season, by far, has been the most challenging time that I have experienced in my 43 years as a dancer and that I am aware of in the history of modern dance. While the season was not the one that we had worked toward or hoped for, I am thankful that the pandemic occurred in a time where technology could assist us to continue with our dance education safely at home in our virtual studio rather than having what we love to do taken away from us completely as happened with so many other sports. While we all would have loved to have had our usual recital and competition performances, I am grateful that in these challenging times, the town of South Toms River supported our outdoor performance option and that HDZ Productions was able to include our at home performers and competition dress rehearsal routines in our recital video to create an inclusive recital experience for all who wished to participate both live and virtually. I am excited to announce our live stream recital date of Friday, August 14, 2020 at 6 pm. Recital video link to follow after the live stream date.*

*I want to thank you all for supporting our TDC dance family and continuing to keep the arts in your children's lives despite all the challenges presented during these unprecedented times. I am working very hard every day with my amazing staff to present safe options to continue with your children's dance education, both in person and virtually, this summer and into our upcoming 2020-2021 season. I am looking forward to starting a new chapter in The Dance Centre's history as we move forward with our 39<sup>th</sup> season in our brand new, state of the art facility, which will provide us with greater flexibility in scheduling and allow for more students to enjoy both in person and Zoom options in the upcoming season.*

*Thank you all for supporting The Dance Centre. Stay safe and TDC strong. Looking forward to seeing you all in class!*

**Sheri Daknis**

**TDC Studio Director**
