A professional, yet warm and welcoming, family founded and run business. My daughter is always excited for class and additional events they have had more recently like a Halloween party and an ornament making party. She always says how much fun she has. Also, they have made conscientious and sound decisions during the pandemic that focus on dancer safety and we have been appreciative to have some weekly normalcy these past few years— even when adapting to zoom dance classes. Thank you!

There are many dance schools in Toms River and I wasn't sure where to enroll my 6 and 4 year old kids. After calling a few places, I ended up going with The Dance Centre (even though it is further from where we live) because they were so responsive and welcoming on the phone. I couldn't be happier with my decision. The teachers are excellent, the facility is state of the art, and they offer a huge range of classes. They use a lot of positive reinforcement with the dancers which makes my kids always want to attend class and overall the school has a happy, family feel. You can tell all the students love being there. Highly recommend TDC!

Such a fun hip hop class!! Great group of girls! Loving the punch card availability offered with the 6-week session classes so that we don't lose out on our \$ if we can't make it to a class one week. See u next week!
